Open Enrollment Starts Here!

It's convenient care you can count on.

During open enrollment, choose a plan with access to Sutter doctors and hospitals that consistently rank among California's highest performers. Sutter is working to ensure we can serve more patients by hiring new physicians, expanding acute care capacity, and opening 25 new ambulatory care centers in the next few years.

1 Select a health plan that includes Sutter*

Check with your Human Resources Department to see which employer-sponsored plan includes access to Sutter.
